

## LOGLINE

Victoria looks back in time to understand her transition and what it is that defines you as a woman.

## SHORT SYNOPSIS

In an exploration of self-discovery, Victoria, Athena and Aamina navigate womanhood through loss and introspection, weaving past regrets and future aspirations in a poetic documentation of embracing true selves.

## LONG SYNOPSIS

Victoria looks back in time to understand her transition and what it is that defines you as a woman. Having lost a close friend she shares her pain and embodied experience with Athena and Aamina, themselves on their own journeys of transition. Together they explore who they were then and who they are today, listening to the ghosts of the past, the laughs of the present and the whispers of the future.
