

WELCOME

Tag Line:

We're all Villains in Someone's Story.

Log Line:

When a past life comes back to haunt a couple, their once romantic getaway turns into a deadly night of survival.

Short Synopsis:

Learning they are about to become parents, Darren and Sasha celebrate with a weekend in the country. When they need assistance with a problem on the property, the all-too-helpful landlord, Eric, arrives with his wife, Millie, to fix the issue, deliberately overstaying their welcome. The once romantic getaway quickly turns into a deadly night of survival for everyone.

Long Synopsis:

Welcome is a gripping psychological thriller that follows Sasha Bird and Darren Coleman, a young couple expecting their first child, as they embark on a romantic getaway to a remote countryside Airbnb. Darren has planned the weekend as a surprise—no phones, no work, just the two of them reconnecting before their lives change forever. But what begins as a blissful retreat quickly spirals into a nightmare.

Their idyllic escape is disrupted when Eric, the charismatic property owner, arrives to fix a minor issue with the hot water. He and his alluring wife Millie accept an invitation to stay for dinner, turning the quiet evening into an unexpected double date. But as the night progresses, subtle tensions rise—particularly between Sasha and Eric, whose connection becomes disturbingly familiar.

A series of unsettling events culminates in a shocking revelation: Eric is Sasha's ex, a man with whom she shares a deeply painful and unresolved past. When he discovers Sasha's pregnancy—Eric's charm gives way to manipulation, violence, and revenge. Fuelled by betrayal and grief over a child he believes was taken from him, Eric traps the couple in a sadistic game of confession and survival.

With secrets exposed and trauma resurfacing, Sasha and Darren must fight not only for their relationship but for their lives. What follows is a harrowing battle of wills that explores the consequences of lies, the fragility of love, and the destructive power of unresolved pain.

As morning nears, and blood has been spilled, only one question remains: Can love survive the truth?
