

Log Line

In a dystopian future where all forms of entertainment—including music, movies, and books—are banned, two young factory workers stumble upon forbidden music, igniting their yearning for freedom and the transformative power of sound.

Short Synopsis

In a world where music is banned, two outcasts risk everything to hear the truth.

Long Synopsis

In a dystopian future where a "Pleasure Law" has been in effect for 30 years, all forms of entertainment—music, movies, and literature—are strictly forbidden. Those who create or enjoy them are labeled "noise" and face severe punishment. Mizuto and Tokio, two young men living a hollow existence, stumble upon a hidden stash of music and a flyer for a secret event called "Son of a Noise." This discovery awakens a primal need for expression as they risk their lives to experience the "beauty of noise" in a world of enforced silence.
