

One Gram of Life - synopses

Long - Four destinies turn into a disintegrating particle called "life". Lives that intertwine into a single shared human story, revealing the ugly truth about drugs. The reasons that drive them toward this contagious evil differ, yet they all lead to a bottomless abyss from which escape is painfully difficult, and in many cases, salvation is simply impossible. Friendship, pain, anger, naivety, senseless contradictions, shattered dreams, and a will to live. The true events portrayed in "One Gram of Life" delve deeply into the child-parent and parent-child relationship, exposing the profound personal, familial, and social consequences of drug use among young people.

Abbreviated - Four destinies turn into a disintegrating 'life.' Their stories reveal drugs' ugly truth. Different reasons lead to a bottomless abyss; escape is hard, salvation often impossible.

One Line - Four fates disintegrate into 'life.' Drugs' ugly truth leads to a dark abyss, no escape.
